

Mohamed Salah Mohamed

 [Dubai | UAE](#)

Tel.-UAE +971 4 361 8775

Educational Qualifications:

- Faculty of Engineering, Civil Engineering Department, Alexandria, Egypt
- Degree: B. Sc in Civil Engineering
- Date of Graduation: November 2003

Membership and Affiliations:

- Egyptian Syndicate of Engineers since 2003
- Project Management Institute (PMI) since 2008
- Society of Construction Law (SCL) since 2010
- The Association for the Advancement of Cost Engineering (AACE) since 2010

Profile Summary:

Mr. Salah has 17 years of experience in project control systems and planning services working on large multi-packaged, multi-million dollar projects in the construction industry.

A trusted and accomplished professional in the field, he has worked in projects covering the financial, commercial, retail and infrastructure sectors of the industry primarily in UAE, Qatar and Egypt, very organized and efficient in development, implementation and monitoring of integrated systems for planning, scheduling and cost control.

A good communicator and builds good relationships with contractors and team members when coordinating the implementation of the project control system. He is thorough in his detailed design and subsequent installation of project control systems and procedures. Has an in-depth experience of developing master plans, the detailed design and development of the resource and cost loaded work breakdown structure and schedule, budgeting and cash flow forecasting. He has been involved in procurement management, risk management and value engineering analysis.

Mr. Salah pays great attention to the details, he tracks and resolves issues, needs and claims throughout the project to ensure that their outcomes are favorable to the delivery of the project within its budget and time constraints.

He reviews and updates the integrated schedules and follows up the resources of construction packages. He produces concise monthly progress reports that highlight any potential issues affecting the project deliverables, has the knowledge in contract formulation activities, systems and processes as well as develop and analyze contract documentation (interpretation of Contract Scope & Terms and Conditions) and provide advice and seek counsel on contractual, commercial and legal issues.

He is an expert in project management software such as Primavera Project Planner (P3), Primavera Project Management (P6), Primavera Expedition and MS Project. He also has an excellent working knowledge of MS Office applications.

Mr. Salah is fluent in English and Arabic languages, both written and spoken.

Construction Management Skills:

- The practical use of the 1999 Conditions of Contract under the 1999 Edition FIDIC Contracts
- Produce/Analyze the project's baseline programme and its subsequent/relevant programmes
- Produce/Analyze the Extension of Time (EOT) Claims using numerous technical analysis methods, including but not limited to the following:
 1. Time Impact Analysis (TIA)
 2. As Planned Impacted Analysis (AIP)
 3. As-built But-For (ABBF) or Collapsed As-Built
 4. Windows Analysis
- Earned Value Management (EVM)
- Line of Balance (LOB)
- Project Crashing
- Cost Control, Monitoring and Accounting

Core Competence

- Construction Management
- Planning and Scheduling
- Project Control Systems
- Earned Value Management
- Delay Analysis

Major Projects Involved in:

- Development of the Internal Security Force (ISF) Camp (building and infrastructure), Doha, Qatar
- Qatar Integrated Railways (Enabling Works), Doha, Qatar
- Qatar Integrated Railways (Flagship Stations), Doha, Qatar
- Kamal Tower, Doha, Qatar
- EREC Building No. 35, Ministry of Justice and Federal Courts Complex, Abu Dhabi, UAE
- SOHO Square, Abu Dhabi, UAE
- Federal Supreme Court, Abu Dhabi, UAE
- Centro Hotel Capital Centre, Abu Dhabi, UAE
- Al Wataniya Tower, Abu Dhabi, UAE
- Southside Warehouses and Office Development, Abu Dhabi Airport, UAE
- Rotana Mix Use Development, Khalifa Park, Abu Dhabi, UAE
- Saraya Development, Abu Dhabi, UAE
- Damas Twin Towers, Dubai, UAE
- Spring Tower, Silicon Oasis, Dubai, UAE
- All projects of El Awaael Management Co., Alexandria, Egypt
- Sarayat Miami Tower, Alexandria, Egypt
