As a Director, Mr. Nasreldien carries out his duties towards the drafting, managing and/or administering of all our clients' construction contracts via leading InShield's team of Contracts Engineers. This extends to administering claims, variations, and handling of all exchanged contractual correspondence, in addition to providing strategic advisory on the same; all on the cause of protecting the rights and interests of InShield's clients (whether they are owners, contractor's or consultants) and also to preserve the good relation between them and the other Party to their contracts.

Further the duties as a Director includes also contracts negotiations, preparing risk reports, and administering alternative dispute resolutions, in addition to providing contractual and strategic merits and recommendations for dispute avoidance.

As SME, Mr. Nasreldien reviews/audits merits on already closed out and/or ongoing sampled claims, variations, contracts drafts and time/durations assessment, risks and risk registers, projects' completion forecast realization, executing investigative audits...etc; as the audit scope may require. He audited/worked in very large scale projects, some were up to 1.8 Billion AED in value, audited risk registers of AUH governmental entity(s), and done several claims and variations audits for other mega projects in the UAE private sectors.
